

Ka4ist was one of the original fans from the Old CBS Jericho Forums who participated in the successful campaign to bring *Jericho* back for a second season. He has been supportive of *Jericho* through various projects since the campaign and eventually became the administrator for Radio Free Jericho, one of the major *Jericho* fan sites. His contributions, insights and council has helped to keep *Jericho* alive to be discovered by new fans.

They shall not be forgotten and will be surely missed.

Charles "Mark" Kennedy (1966-2012)
