Name: Susan Oyer

Message: I am susan-gator from the Jericho UHD and CBS boards. I don't profess to have known Lee well, but I loved his Semper Fi tag and his kind spirit. He and I used to chat about our college football teams and what the chances were they'd meet each year in a bowl game. I will miss the comraderie and his positive spirit. I'm sure he was as great a person towards his family and friends as he was to us.

Semper Fi Lee. God bless you and keep you. You are missed deeply.

Name: Jack Schappell

Message: We will miss you fellow Ranger! You are a great man who fought for a wonderful cause. We will continue the fight in your honor so that your dream will one day succeed.

We will never forget you, for you were there for many of us when we needed a friend, and were there for all of us when we needed support. Rest in peace wherever you may be, for the town of Jericho, and it's Ranger outposts, will always be your other home, and you shall always be welcome in it.
