Jericho's Future

As some of you know, there have been strong hints that a Jericho movie is being considered. We hope to get news at Comic Con International (in July)

A Jericho movie does NOT rule out a Jericho series, since as CBS moved towards a movie they also built Pop, which will starting airing Jericho full time in July.

Some of you have heard that Skeet Ulrich (Jake) has been signed for Unforgettable, which will air on A & E. This is NOT a conflict! By signing Skeet for Unforgettable, CBS now controls his schedule for the next six months.

Even if we get an immediate green light for a Jericho movie or series, Ashley Scott (Emily) is pregnant and on bed rest, so she will not be available for a few months.

When a deadly epidemic breaks out in Atlanta, a large city quarantine is quickly enforced, leaving those stuck on the inside to fight for their lives. Based upon the original Belgian series, *Cordon* tells the story of loved ones tragically torn apart, and how the society that grows inside the cordon reveals both the devolution of humanity and the birth of unlikely heroes.
